

At our February meeting, the board discussed some land stewardship issues at Kikas Valley Farm. John Koier and Livy removed a target practice set-up which had been placed in the woods illegally. While there, they noticed large gullies on the VAST trail and culvert issues and we will see if that can be addressed.

This year, our annual meeting will be at the Community Center in Jericho Center since our speaker will be talking about the Barber Farm which is nearby. The meeting will be on May 15. We have been at Underhill Town Hall for several years and hope our Underhill members don't mind crossing the border to Jericho for the meeting. One exciting piece of news is that the Vermont Land Trust will be holding their 40th anniversary event at Mills Riverside Park in August.

Other potential land projects were discussed and the board remains ready to help out with the Rivers property when the change in ownership takes place.
