

At our January meeting the Jericho Underhill Land Trust approved a 2013 budget prepared by Treasurer Hilaire Thomas. Despite some unexpected expenditures as a result of Tropical Storm Irene, we finished 2012 in the black. Our income from memberships was only slightly below our projected number and we are working on expanding our membership base with a letter to the grand list of both Jericho and Underhill.

In other news, Stewardship Chair John Koier will be working with Local Motion's Trail Finder group to GPS the trails at Wolfrun Natural Area and Kikas Valley Farm. We will link to their website so that visitors to those areas will have a better sense of the trail network.
